

## Credit and Business Management Network

**Topic: Roundtable Discussion**

We are excited to kick off another year of sharing knowledge with professionals within our field. Our first event of the 2017-2018 year will take place on Monday October 16th with a roundtable discussion on the credit topics of our choice. Come to learn and share about current events, trends, and best practices in the Credit field within our various industries and beyond. There is no topic that is too big or small to ask the group and many different levels of experience will be present. It is events such as these that can help us learn from others to take back to our respective companies to add value. A few example topics that will be brought up for discussion are as follows:

- Top tricks for getting paid on continuous past due accounts
- Trouble with payment portals
- Recruiting for credit positions and beyond

Details are below and we hope to see you again. Please remember to select your food choice and email me back.
