In cooperation with Associated Bank, the Association is proud to offer these Webinars that have been requested by many individuals, young and old. While identity theft is rampant, personal credit and financial management are not often talked about. However, the results of not understanding their importance can have devastating long-term consequences. Each of the four sessions is independent of the others, but attending all four programs will provide the most comprehensive understanding of how to manage your personal credit and identity protection. These sessions are designed to help you protect yourself.

MAY 4: IDENTITY THEFT - In this session we will learn how to protect your individual identity. Know what tools and resources are available to help you protect yourself, family and business.

MAY 11: UNDERSTANDING CREDIT SCORES - Learn how to improve your credit score, what makes up this score, how to make debt work for you and know what to watch for to avoid lowering your credit score.

MAY 18: BUDGETING & DEBT REDUCTION - We'll learn to create a personal budget that will help you live within your means. Managing personal finances is not always easy depending on circumstances, however you will receive tips on how to reduce debt and establish a plan for long-term financial health.

MAY 23: FIRST-TIME HOMEBUYERS - Whether you use the information from this program for yourself or to pass onto your children, this session will provide a thorough breakdown from start to finish to prepare you for the homeowner's experience. The information provided will eliminate any surprises you will encounter from the mortgage lender and others in this process.

MEET YOUR PRESENTER: ERIN SUMINSKI has been working in the banking industry for nearly 11 years. She started her career as a teller, then as a universal banker, personal banker, and Merchant Service Representative. During the past 4 years, Erin has specialized in providing Financial Seminars including topics included in this series. She has been with Associated Bank for two years. She greatly enjoys her role with the Bank and especially this opportunity to provide valuable financial seminars to local organizations and the people we represent.
